This information was requested by the Committee. The only item left unfinished is for Dan and I to outline the issues/changes we think should be covered. We hope to have that ready. I will be reaching out to Jim Barlow today as well.

Subject: RE: Mayors and Managers

Good morning Stu,

There are nine cities in Vermont and eight mayors. The City of S. Burlington does not have a mayor. Barre City, Burlington, Montpelier, Newport City, Rutland, St. Albans City, Vergennes, and Winooski have mayors. Barre City, Montpelier, Newport City, St. Albans City, Vergennes and Winooski also have city managers.

There are 55 managers (that is not double counting those who administer both the village and town - Bellows Falls, Essex Jct, Ludlow, Poultney, Waterbury, Woodstock. There are also a number of town administrators.
