

Plowing Season Reminder

During “**Plowing Season**” (November 1st through April 15th)

ALL temporary obstructions must be removed from sidewalks and the Town’s Right-of-Way

In areas where there are no sidewalks, the *Town’s Right-Of-Way* extends **25-feet from the center of the road**.

This would include items such as:

- ▶ Portable Basketball hoops
- ▶ Vehicles (overnight street parking)
- ▶ Garbage Cans etc

Sidewalk Plows, Service Truck Plows and Salt trucks ALL must have clear access for plowing, snow removal, and effective salt/sanding

The Town requests that all Portable Basketball Hoops and/or any additional obstructions be moved out of the Right-Of-Way during this time so as to avoid any damage and that we may continue to plow, salt &/or sand in a safe manner

This will also allow for continued safe passage for pedestrians & motorists
Failure to remove these obstructions in a timely manner may result damages or in fines

We appreciate your participation in the **safety of your community and our drivers**
If you would like to discuss this further, please feel free to contact Town Offices at (802) 442-1037
