

I'm working on my building in the town of Bennington.
Do I need a Building Permit Application or Historic
Preservation Review Form?

Please note: You may also need a permit for land development, road work, demolition, signs, electrical, plumbing, mechanical, or sprinkler systems. Contact the Town of Bennington Planning & Permit Department for assistance: 205 South Street, Bennington, VT 05201 - 802-442-1037 - permits@benningtonvt.org
