TOWN OF BENNINGTON

SPECIFICATIONS for Lawn Maintenance

WATER DIVISION

The contractor shall maintain the grounds immediately adjacent to the facility including trimming around buildings, tanks, along fences and around landscaping each time of mowing.

Maintenance shall mean mowing and trimming grass areas to 2 " height maximum on a weekly basis at Burgess Road (front & back), Morgan Springs, West Road, Woodford Pump Station and the Filtration Plant, depending on need or to the satisfaction of the Assistant DPW Director or his designee.

The contractor shall mow Chapel Road - Water tank & PRV site, Burgess Road – Tank, SVC Water Tank and Longtrail Road - tank & intake on a MONTHLY basis or as needed to insure a good appearance. Areas shall not be allowed to become overgrown or unsightly (heavy growing periods of May & June shall be every 3-weeks).

Additional trimming work or work beyond this specification shall be on an hourly basis so stated in each bid.

Contract time: **April 15, 2022 to March 21st, 2025** (3-Years) depending on growth and weather conditions.

Contractor shall carry all applicable bonds and insurance including liability and workmen's compensation and show proof thereof with bid submittal.

Payment to the Contractor will be monthly on an as billed basis. Failure to submit a bill may jeopardize payment. Failure to meet contract specifications may be cause for contract termination and/or payment withholding.

For additional information please contact Larry Gates, Asst DPW Director at (802) 447-9707.
